

Benes Gets Big Cheers At Prague

Prague, Czechoslovakia, July 7 (P)—Former President Eduard Benes was cheered again today in the streets of Prague. This time police squads broke up the short lived demonstration.

Most of the crowd massed in front of the newspaper Svobodne Slovo beneath a huge electric display for the 11th Sokol Congress, and shouted "long live our President Benes."

Police ordered the demonstration to disperse. When this failed, they moved through the crowd, arms linked. Some police carried small pistols as usual, but no weapons were used. Prague police do not carry clubs.

Street cars were ordered to move through the squads without stopping at the principal station near where the crowd had gathered.

Yesterday Benes was cheered as 80,000 persons marched through Prague in the Sokol Congress parade. There were no cheers for his Communist successor, President Klement Gottwald. The United States and Premier Marshal Tito of Yugoslavia also were cheered in yesterday's parade.

Last night the Czechoslovak press agency said the marchers dipped their flags but withheld cheers where Gottwald sat reviewing the parade with his cabinet, because the same spot was occupied by the tomb of Czechoslovakia's unknown soldier of World War I.

Film Star's Suicide Blamed On Worries

Carole Landis Unhappy, Mother Reveals

Hollywood, July 7 (P)—Speculation continued today on what caused screen glamor girl Carole Landis to commit suicide.

Friends and relatives blame an unhappy married life and financial troubles, at least in part. But her fourth husband, W. Horace Schmidlapp, flew in from Chicago yesterday to say he could see no reason for her to take her own life. He claimed she was "all right" financially.

The 29-year-old blond actress filed suit for divorce against Schmidlapp last March 22, charging extreme mental cruelty. Actor Rex Harrison, who dined with the actress Sunday and found her body slumped in the bathroom of her home Monday, said she had indicated to him she was in financial difficulties.

But her mother, Mrs. Clara Landis, said "Carole was deep in financial trouble. She had sold her house, her car—but things still piled up. She told me not long ago and with bitterness: 'Marry a rich man and support yourself.'"

The actress had been negotiating for the sale of her mortgaged home.

Meantime, authorities were attempting to learn where she obtained the sleeping pills which ended her life. Her physician, Dr. Maynard D. Brandsma, said he had never prescribed any for her.

Fuller Brush Men Get Female Aides

Hartford, Conn., July 7 (P)—The Fuller Brush men soon will be joined by the Fuller Brush woman.

The Fuller Brush company announced today it plans to have 4,000 women, to be known as "Fullerettes," calling on American housewives with soap and cosmetics.

Baltimore Maniacal Stabber Is Hunted

Girl, 11, Riding Bicycle Murdered By Negro

Baltimore, July 1 (P)—Every available Baltimore policeman was mobilized today to comb a wide area of the city's northern suburbs for trace of the "maniacal" killer of 11-year-old Marsha Brill.

Marsha was stabbed yesterday while bicycling with two playmates along a wooded section a few miles from the Pimlico race track.

Less than two hours later, a 30-year-old Negro laborer was taken into custody as he emerged from a woods in the area.

He was viewed in a lineup by Barbara Lee Sapperstein, 11, and her brother, Alan, 8, who were with Marsha when she was killed. Afterwards, the man was docketed "on hold for investigation."

Early today, a second man was picked up for questioning. Barbara Lee and her brother told police a Negro leaped in front of Marsha's bicycle from the underbrush as they were peddling along the road.

They saw the man flash a knife. Then Marsha and the man disappeared in the woods. Marsha came out a few minutes later, bleeding from a deep chest wound. Police say she must have been stabbed while on the bicycle, as her bloody handprint was found on the road beside it.

She was given first aid at a doctor's office, but died enroute to a hospital in an ambulance. Before she lapsed into unconsciousness, she murmured "A colored man hit me."

Menominee Doyle To Back Gen. Ike; Douglas Next Best

Menominee, Mich., July 7 (P)—One of Michigan's 42 delegates to the Democratic national convention next week said today he will support a "draft Eisenhower" move despite the general's latest renunciation of presidential ambitions.

The delegate, Thurman B. Doyle, said he would back Supreme Court Justice William Douglas as his second choice for the nomination.

Doyle, twice Democratic nominee for state attorney general, was permanent chairman of the Battle Creek convention which named the state's delegates.

He said he also would oppose the election of former Senator Prentiss M. Brown as chairman of the Michigan delegation to Philadelphia.

Auto Race Winner Denies Knifing of Former Secretary

Indianapolis, July 7 (P)—Kelly Pettillo, 44-year-old race car driver, told police last night he did not see his former secretary on June 28, the day she was slashed in a hotel room here.

Pettillo, who won the 500-mile Indianapolis Speedway race in 1935, was arrested late Sunday at Corunna, Mich., on a warrant sworn by Mrs. Naomi Shofner, 25, the injured woman.

When taken into custody he had just won a 50-mile race in the Michigan city.

Charged with assault and battery with intent to kill, Pettillo waived extradition and was returned here yesterday.

Vandenberg Plans Vacation in Europe

Washington, July 7 (P)—Senator Vandenberg (R-Mich.) said today he is "flirting with the idea" of a vacation cruise to Europe this summer.

Asked whether such a cruise would be strictly a vacation, Vandenberg replied: "You bet your life."

Tough Job Faced By Democrats In Hewing Platform

By OVID MARTIN

Philadelphia, July 7 (P)—Democrats buckle down today to the task of hewing a vote-getting "harmony" platform out of knotty logs of disunity on several major issues—particularly civil rights and labor.

But the builders—meeting five days ahead of the party's national convention—figured to get off to a good start on what may turn out to be the hardest job ever given a similar group.

Easy agreements on planks touching upon the "international scene" were forecast by U. S. Senator Francis J. Meyers, of Pennsylvania, chairman of a 104-member resolutions committee chosen to draft the platform.

Myers said it appeared certain Democrats will advocate (1) A "strong" international policy and

Fish Oil Blows Up In Seattle; 2 Killed

Blast Wrecks \$350,000 Vitamin Factory

Seattle, July 7 (P)—A \$350,000 vitamin plant in northwest Seattle looked like a stepped-on explosion today—ripped by an explosion and scorched by fire that killed two men, injured one critically and left three unaccounted for.

At 5:35 p. m. (PDT) yesterday—half an hour after 40 to 50 workers had completed their shift—the Lyle Branchflower company's fish processing plant blew up. Store windows were smashed in the nearby Ballard community and homes four miles away were shaken.

The charred, unrecognized bodies of Rolland Stebbens, 27 and John Zenger, plant workmen, were found just outside the gates. Walker Lamphere, 56, was blown through a door. His arm was fractured and he was badly burned.

The King county coroner's office did not release the names of the missing workers.

O. E. Erickson, assistant manager, said the cause of the blast was not known. Assistant fire chief R. B. Rogers theorized that one of the huge stills used in rendering fish oil had blown up. Dirk Verhagen, chief chemist, said several explosive materials were in the plant.

Troops in Peruvian Revolt Swing Over To Loyalist Ranks

Lima, Peru, July 7 (P)—The government announced today that troops in Puno who took part in Sunday's revolt had swung over to the Loyalist side.

The announcement said the Puno Garrison had decided to break with the Rebel leader at Juliaca in southeast Peru where the revolt broke out for unexplained reasons.

The announcement added that the general staff at Lima staff at Lima had appealed to Peruvian newspapers to confine their stories on the situation to official communiqués. The government warned that any infractions would be dealt with.

Lima is under virtual martial law as a result of the revolt, which authorities said had been confined to troops in Puno and Juliaca.

(2) A powerful national defense to back up that policy.

The fireworks on civil rights and labor was set for Thursday and Friday. Today's work—in the hands of an 18-member subcommittee—was limited to hearing proposals of major farm organizations for the party's agricultural plank. These groups are fairly well agreed as to what they want for the farmers.

Thursday's schedule calls for a parade of witnesses on the question of whether the party should commit itself to President Truman's civil rights program—to which southern Democrats object violently—or strike a compromise.

Set for Friday was an airing of views of labor leaders on the Taft-Hartley Labor Act. They have demanded its repeal. On this issue—an on civil rights—the Democrats in government are sharply divided. President Truman vetoed the legislation, but many Democratic lawmakers voted to override the veto.

Myers has set his sights on a short platform comparing favorably with the party's 1944 version of less than 1500 words.

Bodies of 16 Found After Plane Wreck At Orizaba, Mexico

Orizaba, Mexico, July 7 (P)—Pack mules stumbled down the steep slope of the 18,225-foot Orizaba volcano today with the bodies of 16 persons killed in a plane crash last Friday. Eight of the dead are Americans.

The plane was wrecked while carrying members of the joint U. S.-Mexico foot and mouth disease commission.

Gen. Alejo Gonzalez said all sixteen persons aboard were killed. Eight of the bodies, he said, were burned and the other eight were scattered about the wrecked plane.

The main rescue expedition reached the scene yesterday.

Baby's Finger Cut Off, Saved By Ice

Los Angeles, July 7 (P)—One-year-old Sherry Lynn Plumb waved her hands cheerily to show all of her 10 tiny fingers as just as good as new.

That was today, some 48 hours after she had severed her right middle finger reaching for a cold cream jar at home.

Queen of Angels hospital surgeons, who declined use of their names, sewed the finger together, administered penicillin and put her whole hand in crushed ice.

The ice therapy was continued for two days. When surgeons undressed the finger it was returning to normal.

Office of Michigan Congressman Looted

Washington, July 7 (P)—Police today probed the theft of \$1,200 from the office of Rep. Albert J. Engel (R-Mich.) in the new house office building.

The Michigan congressman said the money was taken between June 15 and June 21 from an unlocked safe in his office.

He withheld a report of the robbery until he went to his Muskegon home to check whether he had taken the money with him by mistake on an earlier visit home.

Russia Has Troubles Behind Iron Curtain

Shaky Truce Broken As Arabs And Jews Clash In Holy Land

BY MAX BOYD

Cairo, July 7 (P)—Heavy Jewish-Arab fighting raged along the main Tel Aviv-Haifa highway last night as the United Nations made 11th hour efforts to extend the shaky Palestine truce.

Count Folke Bernadotte, U. N. Palestine mediator, told newsmen in Cairo that he will continue peace talks, even if his requests for an extension of the four-week truce is rejected. Earlier at a conference in Tel Aviv Bernadotte said he did not know whether Arabs and Jews would agree to an extension, but added he was hopeful.

At Lake Success, N. Y., Britain drafted a security council proposal calling on the Jews and Arabs to extend the cease fire. The plan set no expiration date.

The truce ends Friday. Neither Arabs nor Jews have replied to U. N. extension requests.

There was no official indication as to how seriously Jewish authorities considered the highway clash which occurred in Israeli territory between Tira and Jaba, about 15 miles south of Haifa. Telephone lines between Tel Aviv and Haifa were cut off during the night.

Two American Marines driving back by Arabs who fired on them for 40 minutes before they waved a white flag to stop the shooting.

Black Shifts Staff To Car Racket Case

Attorney General Lacks Funds, Saves 25 Jobs

Lansing, July 7 (P)—Attorney General Eugene F. Black transferred the top men of his office to Flint today to take command of the Genesee county grand jury investigating auto rackets.

Black indicated he did so because he lacked funds to hire special attorneys. The state administrative board last week handed to the "little legislature" Black's request for \$25,000 for the Flint grand jury.

Deputy Attorney General Peter E. Bradt and Chief Assistant Attorney General Elburn H. Parsons were sent to Flint to direct the grand jury.

"I have slightly less than \$33,000 in the grand jury fund," Black said. "When that runs out I will start using my departmentally budgeted funds just as I did last year to finance the governor's Jackson prison investigation."

Black's solution to the fiscal difficulties appeared to save, at least temporarily, the jobs of approximately 25 legal aides and special assistants employed by various departments. The legislature had ordered them all shifted to Black's department and he had toyed with the idea of firing them to obtain funds for the grand jury.

Liquor Commission Pays Out 2 Million In License Rebates

Lansing, July 7 (P)—The State Liquor Control commission today started paying the bulk of \$2,000,000 to about half of the cities, villages and townships eligible for a rebate of local license fees.

Payments were started to 627 governmental units which satisfied the commission that they were using the refunds for local law enforcement, as required by law.

About 360 communities will be questioned further regarding the use to which they put the funds, the commission said, and 307 are being contacted to determine why they have not answered commission's questionnaires.

This is the first year in which the commission, at the direction of the legislature, is withholding funds from units not spending them legally.

OSBORN COMES HOME

Detroit, July 7 (P)—Former Governor Chase S. Osborn was enroute to his Duck Island summer home today, his eyesight improved after an operation for removal of a cataract from his left eye.

The 88-year-old former chief executive left Alexander Blain hospital last night accompanied by his adopted daughter, Stella Nova.

BURNED BY FIREWORKS

Eisenhower Boom Balloon Droops At Philadelphia

BY JACK BELL

Philadelphia, July 7 (P)—The drooping balloon of the Eisenhower boom hung low today over the forthcoming Democratic National convention.

President Truman's representatives—highly encouraged by the general's couldn't-take-it statement—scurried back to Washington for fresh strategy orders.

The expectation was that they would come back to Philadelphia primed to put out the word on Mr. Truman's choice for second place on the ticket—a selection he has delayed while he awaited the latest word from the wartime European commander.

Although Democrats in such widely separated areas as California and New Jersey declined to take Eisenhower's "no" as final, the feeling in this convention city was that it is all over but the shouting.

The shouting may center on various ineffectual efforts to draft Eisenhower and to put Justice William O. Douglas in as a substitute. But party members who arrived early for next week's meeting of the faithful said that only his own action can prevent Mr. Truman from walking off with the nomination on the first ballot.

There was no giving up in the draft-Eisenhower ranks—at least publicly.

Despite the gaping hole their principal had torn in the draft movement, highly placed Democrats continued to speculate about the possibility that the man who says he isn't available couldn't turn down an actual nomination.

So, like the rubber elephant which had its ups and downs over the entrance of a headquarters hotel here at the recent Republican convention, the Eisenhower boom currently was on its knees—waiting a new rush of inflating air.

Democrats Continue Feud In California

Delegate Demands That Jim Roosevelt Quit

Oakland, Calif., July 7 (P)—California's feuding Democratic convention delegates traveled eastward today, with one influential member declaring he would carry into a Philadelphia caucus his demand that Delegate James Roosevelt quit.

Delegate Patrick W. McDonough said the late president's son had "dishonored" the California delegation by renouncing a pledge to support President Truman. Roosevelt has proposed the nomination of General Eisenhower instead.

McDonough, Oakland manufacturer and member of the party's state central committee, released this telegram to Roosevelt before the delegates left last night for Philadelphia:

"In view of the fact that you have dishonored the California delegation, according to the newspapers, by publicly renouncing your sworn affidavit to the Democratic voters of California to support President Truman, I ask that you resign from the delegation so that confidence may be restored in the integrity of the California delegation."

(The delegates signed pre-election statements pledging support of President Truman before they were chosen at last month's primary.)

Jewish Underground Kidnaps 5 Britons

London, July 7 (P)—The foreign office reported today that five British subjects were "kidnapped" in Palestine last night by Irgun Zvai Leumi, a Jewish extremist organization.

A spokesman said the Britons were taken from a "building on which was hoisted the flag of the United Nations Truce commission." He could not further identify the building.

"We take a very serious view of this incident," he said.

HEADON CRASH FATAL

Reed City, (P)—John M. Coon, 26, of Harrison, was killed Tuesday when his car crashed head-on with a Michigan state highway department dump truck at Cat Creek on US-10 near here. The truck driver, Carl Wilson, 65, of Evart, escaped with minor injuries.

American Transport Planes Carry Coal To Besieged Berlin

(By The Associated Press)

U. S. planes loaded coal today for flight into besieged Berlin while the Kremlin masters read three notes from the western powers demanding an end to the blockade.

The Russians were troubled with stirrings behind the iron curtain. Soviet Union Communists refused an invitation to attend the Yugoslav Communist congress July 21, saying Premier Marshal Tito and his followers now are "outside the family of Communist parties."

Frontier Guarded Moscow said Albania has taken strong measures to guard her frontier with Yugoslavia and defied a Yugoslav demand to resume trade relations. Czechoslovaks again cheered former President Benes, who resigned without signing that country's Communist constitution.

The U. S. state department had under careful study rumors of Soviet troop movements in Romania and Bulgaria toward Yugoslavia. The old speculation was revived that Russia might try to annex Romania and Bulgaria as Soviet Republics and put the Red Army back in Czechoslovakia. Most officials were skeptical in the belief Russia would try to tighten her bear grip over her eastern European satellites without using troops. The Finnish elections in which Communist strength was trimmed markedly also gave the Kremlin pause.

Industries Curtailed

The Russians were reported to have issued a vague warning about the safety of U. S. planes flying food, and today coal, to Berlin. Their news agency in Berlin said Americans are violating air traffic control rules. Allied observers expressed doubt the Russians would try to interfere in the air corridor with fighter planes or barrage balloons.

Some 25 big C54s were to carry in the first coal, seven tons each in sacks. Coal shortages had reduced industry in western Berlin 40 per cent since the Russians stopped rail, road and barge access to the city through their surrounding zone. Western Berlin, however, needs 2,000 tons of coal a day.

Diplomats said any doubt remaining in the Kremlin about the intentions of the western Allies to stay in the beleaguered city must have been put at rest by the notes the U. S., Britain and France sent to Moscow yesterday. Though secret, the notes were understood to demand an end of the blockade and to have emphasized the right which the three western nations claim to continue their occupation of Berlin.

Jury Gives \$110,000 Damages in Accident

Detroit, July 7 (P)—Damages of \$110,000 in an automobile accident shift were levied by a jury against two Litchfield, Mich., men and the Pet Milk Co. today.

The suit was brought by Herbert Borger, 43-year-old Chicago landscape contractor, who claimed he was injured for life when a truck smashed into his car near Homer Feb. 14, 1947.

Borger was "sworn into court on a stretcher to testify. He said he had been in the hospital for over a year. In his suit, he asked \$150,000 damages for himself and \$25,000 for his wife, who was with him when the accident occurred.

City Will Move Traffic Lights This Thursday

Five city employees will move the flashing traffic control lights at the intersection of Ludington and 10th streets to 11th and Ludington on Thursday, it was announced today by the city manager, Hugo Lillquist, superintendent of the city electric department, will be in charge.

The lights will be in operation by Thursday night, as city men will work from 8 a. m. to 5 p. m. in making the change.

The lights on 11th will be synchronized with the Stephenson avenue and 14th street arterials so that a car traveling along Ludington at 20 miles per hour should be able to travel through without stopping.

After installation is completed the entire set of arterials on Ludington street will be set for flashing amber from 1 to 4 p. m.

The city manager has also announced that on busy nights on Ludington street, the police department will have a sign at the intersection of 11th street forbidding right and left turns there.

The reason for this, the city manager emphasized, is to give pedestrians crossing with the green light greater safety.

"In the past," Mr. Aronson stated, "pedestrians have been forced to watch for cars turning into the on, the green light. Actually the motorist is not supposed to turn until the path is free of pedestrians crossing. The pedestrian has the right of way, not the motorist, in these intersections, when the green light is showing."

Funeral Rites Held For John Thompson In Mason, Michigan

Funeral services for J. Q. Thompson, 64, of 322 North 14th street, who died June 23 near Dansville, Mich., of a heart attack, were held last Thursday from Ball Funeral chapel in Mason, Mich.

Mrs. Thompson and son Wayne, who were visiting Mrs. Thompson's mother, Mrs. Minnie Crandall in Eaton Rapids at the time the livestock dealer and timberman was stricken, John Thompson, Jr., and Mr. and Mrs. Ronald Bennett of this city attended the services.

Mr. Thompson was born in Mason, Mich., and lived in Lansing until moving to Escanaba two years ago. He is survived by his wife and sons John and Wayne, a

only exception will be special programs to be announced later, she said.

New Venus Contract Is Being Negotiated

Abraham Plotkin, midwestern representative of the International Ladies' Garment Workers' Union, announced today that conferences have been in progress in Escanaba between the Venus Manufacturing company and the union in an effort to settle a new contract.

Participating were Ethel Smith, shop steward of the local; Tom DeRocher, vice president of the local; and Marjorie Fortier and Morton Ross of the International staff. Representing the company were Gil Roston, Walter Roston and Joseph Wilner, the latter attorney for the company, all of Chicago.

According to Plotkin while the offer of the company was not satisfactory, considerable progress has been made. Negotiations will be resumed within 10 days.

Both groups met under the direction of James Greenfield, conciliator for the Michigan state labor department.

Miss Hannah Anderson, Escanaba manager of the Phoenix Lumber company, has entered the Presbyterian hospital in Chicago for treatment.

Bodies Of Manistique, Rapid River, Escanaba Soldiers Are Returned

The body of Pvt. Delbert W. Swellander, son of Mrs. John McMartin, 402 South 18th street, Escanaba, is among the remains of 4,302 Americans who lost their lives during World War II aboard the U. S. Army transport Carroll Victory, which docked in New York City yesterday.

This marks the first World War II dead to be returned to the United States from Italy. The men were buried in temporary military cemeteries at Nettuno and other points in Italy. Of the group, 175 were Michigan residents, 15 of whom lived in the Upper Peninsula before going into military service.

Swellander, a paratrooper, was killed in action in Italy March 4, 1944. He was 20 years old. Born in Escanaba April 19, 1923, he was graduated from the Escanaba high school in 1941 and entered Michigan State college in 1942. The Escanaban began his military service April 15, 1943, with basic training at Fort Riley, Kan., and from there he went to Fort Benning, Ga., for paratrooper training.

It was announced from New York today that the Army transport Carroll Victory was scheduled to arrive Friday with the bodies of 4,300 American war dead from European battlefields, bringing to 60,000 the total number returned thus far to the United States.

In addition to Swellander, other servicemen from this area aboard the Carroll Victory are Pvt. Lloyd B. Edwards, whose next of kin is Ernest E. Edwards, Wilson street, Manistique; Pvt. Millard J. Hutchinson, whose next of kin is Minnie Hutchinson, Box 185, Manistique; and Pvt. Raymond J. Gravelle, whose return was requested by Frank J. Gravelle, of Rapid River.

Others from the U. P. returned yesterday were Pvt. Hugo A. Asunto, to Hilma S. Sillanpaa, Route 1, Box 203, Ironwood; Pfc.

Eisenhower Says "No!"

GENERAL EISENHOWER has again made it plain that he does not want to become a candidate for the presidency of the United States.

All along the top-ranking general who led the successful invasion of Europe that resulted in Hitler's and Mussolini's downfall has insisted that he did not want to engage in politics. But desperate Democrats, fearful that they would be unable to win with President Truman in the November election, have exerted all sorts of pressure upon him. Eisenhower has remained adamant, however, appearing content with his military laurels and a peacetime position as head of Columbia university.

We believe that General Eisenhower has made a wise decision. Directing the affairs of one of the country's largest universities is a highly important responsibility. His opportunities for public service in the educational field are unlimited.

If General Eisenhower had decided to become a candidate for the presidency of the United States, he would have been subjected to the usual political mud-slinging, regardless of his illustrious military record. And it is a debatable question whether the Democratic party, after 16 years of New Deal extravagance and mismanagement, could best the Dewey-Warren ticket by grabbing onto General Eisenhower's coat-tails.

The nation needs a change on the political and governmental fronts, and it's too big an order for General Eisenhower alone.

Capitalizing The Walleye

WALLEYE FISHING has taken its expected mid-summer slump after going strong all during the month of June.

Delta county's walleye fishing has been given publicity throughout the Middle West. During June, ordinarily only a fair month for business, hotels and tourist cabins were virtually filled every night with fishermen who came hundreds of miles to get the big ones in Little and Big Bay de Noe and Green bay. As many as 150 boats were counted at one time in the popular fishing areas.

Walleye fishing has brought an unprecedented boom in the boat livery business. Old liveries have increased their stock of boats, and new enterprisers have entered the field. Boatmakers also have been busy turning out their products to meet the local demand.

Sport fishing for walleyes has become big business in Delta county. And we have only begun to scratch the surface of its possibilities.

The Escanaba Junior Chamber of Commerce has made a start in the right direction. This up-and coming organization of young business and professional men recently launched a safe fishing campaign. As a publicity venture, they have organized a committee of experienced fishermen to take out visiting newspapermen and dignitaries to the spots where big fish may be caught. And they are already making plans for a walleye fishing festival next June. More power to them.

How About A Bridge?

REPORTS FROM MACKINAW CITY were to the effect that northbound autos were backed up for five and six miles at various times Saturday night while waiting to make the ferry crossing over the Straits of Mackinac. Some motorists were annoyed by being delayed as long as four hours.

Delays like this cause motorists' nerves to become jumpy. They want to make up lost time, consequently drive fast and recklessly. The numerous accidents, some of them fatal, which have occurred along Highway U. S. 2 during the past couple weeks, might be attributed indirectly to the long waits at the Straits of Mackinac. We haven't forgotten it. When do we get that big bridge over the Straits of Mackinac?

Burma Walks Alone

THE LAND OF BURMA is withdrawing peacefully from the British Commonwealth, with some regret on both sides, and is striking out alone this year, with the full freedom it lost nearly a century ago.

Burma is the rice bowl of Asia. Square mile for mile, Burma produces more rice than any other country in the world. China, a bigger country, grows more rice, but is slowly going to soy beans, a crop with an infinite future not in the matter of food but of chemicals. And contrary to the opinions and ideas of many motorists, Burma Shave doesn't come from Burma.

Burma is not to be confused with Bengal, the easternmost province of India and the home of Calcutta, second largest city in the old British Empire. Between Bengal and Burma lies the now independent country of Assam. Although Burma doesn't rate high and often in the world's news, it is a

sizeable country about 1,000 miles in length and 200 or more miles wide.

Thus far Burma hasn't shown a number one capacity for self rule. Her acting premier was assassinated last year by dissenters, and the country has no responsible forces capable of maintaining internal order. It might be said that she is a sort of Asiatic test case for other former colonial states on the mainland. If she can demonstrate her capacity to govern herself, she will lead the way into a new world of freedom for the rest.

Nothing To Worry About

THE GOVERNMENT wound up the fiscal year with a record budget surplus of well over \$8,000,000,000. But our officials are taking manifold steps to cope with this unprecedented profit.

For one thing, civilian employees are still being added to the government payroll at an average rate of 500 a day, as they have been for the past six months. The 1948 tax cut will reduce fiscal 1949 revenues by several billions, and Representative Knutson promises he'll try to put through even bigger reductions.

So it appears that the country can just look at the surplus, admire it, and forget it. Like Halley's Comet, it is unlikely that it will be around again for some time.

TOO MANY "SILENT PARTNERS" (Iron Mountain News)

It is surprising how many people within a community have "ideas" for its betterment, but how few of them want to be identified with their ideas, publicly or otherwise. This fact is borne out by the anonymous letters which frequently come to the News, covering a wide range of topics, and by the persons who constantly whisper suggestions in our ears, and then promptly warn us not to mention where we got it.

It is surprising, also, how so many people seem to know the things that are wrong with a community, but are content to ride along with it because they don't want to get "involved." But let some one "crack" it, and take the brunt for it, and everybody hops on the band-wagon.

It is a strange psychology, and one, no doubt, which is responsible for a great many of the ills that creep into municipal affairs and other departments of civic activity. Most of us will sit idly by, and even pay out good money for the privilege, while the "operators" are plying their trade right under our noses, and getting away with it.

We can't all be right all the time, but there is no reason under the sun why any self-respecting citizen who sees something that is obviously wrong, should look the other way simply to protect his own status in the community, and preserve his own anonymity. Which is worse — to start or nourish rumors about these conditions, and thus permit idle gossip and misinformation to run wild, or to bring them out in the open, where they belong, and try to get the right answers?

There are too many "silent partners" in every community, these days. Too many of us are taking it lying down because we think it's "bad business to get mixed up in it. We would like to 'upset the apple-cart,' but we haven't the courage to do it. We are sitting back, waiting for someone else to take the rap.

OBSELETE PRONUNCIATIONS

Obsolete pronunciations crop up regularly in letters from my readers. For example, an Ohio minister writes: "Two professors of my acquaintance (one is on English teacher) say 'rice' for the noun rise, as 'Rice of American civilization.' Is this something new that I've overlooked?"

The opposite is true. The pronunciation "rice" for the noun rise is as dead as the dodo. Moreover, as Kenyon and Knott's Pronouncing Dictionary observes, it "once had some currency, but evidently never prevailed." Merriam Webster's agrees, adding: "is now little heard."

Funk & Wagnalls' New Standard lists "rice" (my phonetics) as second choice. But the New Standard creaks at every joint with obsolete listings. Indeed the new F. & W. College Standard (1947) makes no mention at all of the pronunciation "rice" for rise. Nor do these dictionaries mention it: The New Century, MacMillan's, Winston's, American College Dictionary, Thorndike Century, Grosset & Dunlap's Words: The New Dictionary. The correct pronunciation is rise.

A. W. T., of Richmond, reported not long ago that a prominent though quite elderly American statesman said, in a radio talk, "kote" and "ko-tay-shun" for quote and quotation. I, too, heard it, and found it to be a very serious slip. Prior to the 1800's "kote" and "ko-tay-shun" had some sanction; but Noah Webster did not even list them in his original Dictionary (1828). Of course one should say: kwote; and kwot-TAY-shun.

Another achism which I have noticed in the speech of a few members of Congress is the pronunciation "toe" for the preposition to, as, "I want toe make it clear toe all of you that I intend toe cling toe my con-

World Events Analyzed

BY MARQUIS CHILDS

Washington.—At the same time that Marshal Tito in distant Yugoslavia is feeling the crackdown of the Kremlin, the Communist line in the United States is being drastically tightened. Evidence is mounting that the uneasy zealots who guide the party's destiny in this country are about to launch a new crusade for a "mass base" for their strange organization. The repercussions of this new drive are being felt particularly within

Henry Wallace's third party. The determination of the Communists to take over lock, stock and barrel has produced a series of shocks that may split the loose confederation so violently that Wallace would be compelled to withdraw.

COMMUNISTS SEEK CONTROL
The contest between the Communists and the sincere non-Communist liberals who have followed Wallace is coming to the surface in the selection of delegates for the third-party convention scheduled to open in Philadelphia on July 23. The Communist leadership is determined to control that convention as part of the plan to lasso the Wallace following within the corral of the party itself.

In Colorado and Wisconsin the contest has become so bitter and the Communist tactics so arbitrary that the non-Communists are pulling out in disgust. There even may be an open break on the floor of the convention over the rights of contesting delegations.

How this growing rift may affect Wallace is a matter of wide speculation among his own followers. The party-line operators close to him have been concerned for some time over his growing restiveness. Now and then the Communist Daily Worker has gently spanked him for his insistence on being a "progressive capitalist." The Wallace heresies—called "deviationism" in the gobbledygook of the party line—have caused increasing distress among the faithful.

As for Wallace, he has succeeded until very recently in closing his eyes to the Communist influence within his own organization. In spite of earnest pleading from members of his own family, he has refused to say anything because, as he put it, he refused to participate in "Red-baiting."

MILLSTONE AROUND NECK
This was true even when the Communist party officially claimed credit for the third party movement. But the other day in his New England tour Wallace spoke out. The correspondent of the Baltimore Sun reported him as follows:

"I'm never going to say anything in the nature of Red-baiting; but I must say this: If the Communists would run a ticket of their own this year we might lose 100,000 votes, but we would gain 3,000,000."

"I know if the Communists really wanted to help us, they would run their own ticket this year and let us get those extra votes."

This is "deviationism" of the rankiest sort. It is a frank statement that the Communist party is a deadly millstone for even a third party candidate to carry. A day later Wallace issued still another official denial that he would withdraw. At Portland, Maine, he said he would stay in the race, no matter whether a Democrat or a Republican seemed about to win.

Students of Communist tactics in this country have carefully analyzed a "critical review" of the party's work in the United Auto Workers' Union, which was published in the Daily Worker. With its harsh criticism of the pro-Communist faction that at one time played a major part in the UAW, this seems to set a new and sterner line.

REDS ASSAIL REUTHER
Specifically, the "critical review" denounces party tacticians for relying on "our temporary allies" instead of building mass strength with the rank and file of the union. It casts on the scrap heap the Leonard-Addes-Thomas faction, pointing out in the party gobbledygook that the line now is to join "new principled combinations formed on issues."

The article expresses disappointment that a "general strike" in the auto industry was averted. It denounces Walter Reuther, who ousted the Communist faction in UAW, for the contract with General Motors, which has been so widely praised for its sane approach to the whole problem of labor-management bargaining.

Apparently, the line is to be drawn far more strictly from here on out. Any "temporary allies" are likely to find themselves under attack.

Just as Tito was attack for showing the mildest kind of independence and failure to carry out orders to the letter, so American fellow-travelers will be told off for the slightest "deviationism." In a free society this would seem to be the best possible way to alienate all but the little core of zealots.

victions." Apparently this dialectal pronunciation is a survival from the Elizabethan speech which was brought to the New World by the colonists, for the Anglo-Saxon word was pronounced "toe" a few hundred years ago. But today, of course, it is pronounced exactly like too and two.

Occasionally we hear the word guarantee as "gahr-un-TEE," the first syllable as in guardian. This too is obsolete. Make the first "a" flat as in carrot, arrogant, carriage. Say: gar-un-TEE.

Which of the three Degrees compares one object with another—Positive, Comparative or Superlative? If you do not know the answer, Mr. Colby's leaflet, C-15, "The Three Degrees of Comparison," will explain.

COUNTY PARKS—Recent critical comment has turned the spotlight of public attention on the lack of maintenance given Pioneer Trail Park. The county board of supervisors last year expended \$400 for the maintenance of Delta county parks, including Pioneer Trail, Fuller, Rapid River Falls and others. Practically all of the maintenance money went on the three named, because the public seldom frequents Fishdam Park, Brampton Park, and the isolated park

park on M-35, or the isolated park at Sack Bay.

William Karas, superintendent-engineer of the county road commission, has promised that a park maintenance-financing plan will be presented for the county board's consideration in October budget meeting. At the same time Karas points out that county funds must be used for such park maintenance work, since expenditure of road funds for that purpose is unauthorized.

COMMUNICATION—John Norton of 803 Dakota avenue, Gladstone, a road commission employee whose duties have personally acquainted him with the park maintenance problem, writes as follows:

"The story in your paper regarding Pioneer Trail Park was all true. But it did not say what the county has allowed to care for our parks in Delta county. I have worked in the park at Pioneer Trail for three summers and the county had a pickup truck for me to haul the garbage in and get the wood to 12 stoves, and two times out of three when I put the wood at the stoves some good Delta county man would drive in that night and take it, leaving no wood for over Sunday."

"Then when the tough gang came out Saturday night for what they call a good time they would break up a table or two, and when their good time was over for that night they would throw a table on the fire. To top it off they toss a few garbage cans in the river and tip over a couple outhouses. There was a brand new pump put in at the park this spring. Now it is broken. The stoves were all renewed this spring and now some of them are already broken. The tool shed has had three locks broken on it this spring. The cemetery is a wreck."

"This park is for the public. But Delta county has to have a man and a truck, and replace these broken tables. So how far can they go with \$400? That is all there is for the parks. Please print this to see if the supervisors can't dig up enough money to pay a man to clean up the park a little. I work only one day a week in the park so the public can't expect too much with that little attention."

"The supervisors should be able to do something to make the park clean for the people of Delta county, but I can't do it working only one day a week. Please print this as I have written it. Let the supervisors see it. Perhaps they can get enough to pay a man to work in the park for the good of the public."

INTO THE PAST

Garden—Three men were seriously injured in a water fight which was the feature of the Fourth of July celebration here. Tex Palmatier's eyes were swollen completely shut. Percy Joque's left arm was bruised and his back was swollen from the water pressure turned on when his shirt came off, and Robert Lester's right hand was disabled. His back was also bruised. The others ended with very few garments, minor bruises, and swollen backs.

Twenty Years Ago

Escanaba—V. K. Bloomstrom returned yesterday from Milwaukee where he attended the state convention of optometrists held there Monday to Friday, inclusive.

Escanaba—Mr. and Mrs. William Reiffers, 630 North Eighteenth street, recently returned from a three months' visit at various places in Europe.

Escanaba—Mrs. Arthur Carlson, 918 South 13th street, who underwent an operation at a hospital in Lacrosse, Wis., is reported to be as well as can be expected, according to a message received by her family here.

"A week or more ago I read an article in your column in which you called attention to the great saving to taxpayers that will result from the magnificent bequest of Mrs. Catherine Bonifas to the public school system of Escanaba, namely, a school for handicapped children a new senior high school, a junior college and maintenance of the Catherine Bonifas Technical school."

"I do not recall that you mentioned the bequest of \$600,000 for the construction of a new Catholic Central High school. While this is not a direct donation to the public schools, it is reasonable to expect that such a school will be attended by a large percentage of the Catholic students of the community and this will most certainly result in an indirect saving to the taxpayers, and at the same time add to the education facilities of this community."

"Very frequently people overlook the fact that parochial schools do save money for the taxpayers. At the present time, for instance, there are approximately 700 grade and high school children being educated in the parochial schools of Escanaba at no cost to the taxpayers. If these children were to be turned loose on the public schools where would they go? The present public school facilities are inadequate to take care of this many more pupils."

"One need not be an advocate of parochial schools to recognize the simple truth that they do save taxpayers a considerable amount of money."

Roving Reporter

By Hal Boyle

New York (P)—A lady I know works in a warehouse of raw misery.

It is one of the vast hospitals built by the city to filter its ill and misfit. Here they find a quiet bed against the final darkness—one of every three who enters is under the shadow of death—or a refuge from a life crisis that cracked their minds.

The lady sees them come and go by the hundreds. She says her work each day is like reading an unfinished novel by Charles Dickens or Leo Tolstoy.

And she told me of one case in which she tried to help write a happy ending:

One patient was a small elderly man, grateful for her kindness. He was ill and had been picked up in an intoxicated condition, but she soon was convinced he wasn't a true alcoholic.

One day he told her his story: "Many years ago my wife died," he said. "We had four children. I had hard luck and couldn't take care of them. I just didn't have the money. I put them in a religious institution—and then, well, I guess I just went to pieces. I faded out of the picture."

The old man left the hospital shortly afterward. A few days later the lady noticed his name again on a roster of new mental patients. But the age was much younger.

Curious, she went to see the patient. He was in his twenties, but bore such a strong resemblance to the older man that she was certain immediately he was a son.

She tried to talk to him, but his mind was deep behind the velvet curtain that cloaks the schizophrenic from reality. She checked his record and found that a sister was listed as his closest relative.

Excited at the possibility of reuniting the family, she got in touch with the sister. A short talk with the woman convinced her that she really had found the son and daughter of the old man.

Diplomatically she brought up the possibility of arranging a meeting with the father.

"What is he like—my father?" The daughter asked. "I don't remember him. As a girl in the orphan's home I used to wonder about him."

My friend told her that he was old and tired that he had seemed to her a kindly man, and that his long-ago desertion still preyed on his mind.

The daughter thought it over. Then she said:

"I guess I don't want to see him now. It's too late. The other two children are gone. My brother and I are the only ones left, and I have to worry about him."

And she said bitterly:

"We've been orphans so long we might as well stay that way."

I asked the lady if the daughter had inquired her father's address.

"No."

"Aren't you going to get in touch with the old man and let him know what you found?"

"Have I any right to?" said the lady. "Would you?"

The Washington Merry-Go-Round

BY DREW PEARSON

Washington.—While every seasoned political leader in the Democratic party is convinced Harry Truman will suffer one of the worst election defeats in history, here are some sidelights on how the president himself feels about it.

Asked by aides how he felt about the G. O. P. nominee, Tom Dewey, the president replied:

"I'll take him—like that," and he snapped his fingers.

Truman also goes out of his way to assure advisers that he is not worrying about any competition from General Dwight Eisenhower, despite the growing Eisenhower groundswell.

"Ike is a soldier," Truman remarked recently. "He doesn't want to be president and would be the first to admit—in fact, he has admitted—that his military background doesn't qualify him for the many responsibilities of the presidency."

Truman is so confident of taking the convention is his stride that he is already planning a 60-day campaign trip in August, September and October, taking him to every section of the country.

ITALIAN DEMOCRACY BY RADIO
During the Italian elections, the Communists claimed that the deluge of American friendship letters sent to Italy and other U. S. Aid was just a flash in the pan. After the elections, they argued, Americans would soon forget Italy.

Today, however, a remarkable shortwave radio contest across the Atlantic ends with the award of 1,750 prizes to the Italian people for the best letters on "How to win the peace and make real democracy live."

The contest has been broadcast for several weeks by World Wide Broadcasting Foundation, a non-profit organization, and a total of 14,000 Italian democracy letters have been received. Radio experts consider this an unprecedented return, especially in view of the fact that trans-Atlantic postage is expensive for the ordinary Italian, while he could hear about the contest only via shortwave radio or through brief mention in Italian newspapers.

In contrast to the slipshod manner in which NBC kissed off its shortwave propaganda broadcasts farmed out to it by the state department, a group of Americans worked hard to make the Italian-democracy contest a success. Generoso Pope, the Italian-American newspaper publisher, undertook the difficult job of translating the Italian essays into English.

Two hundred and fifty wrist watches were contributed as prizes by Ingersoll, Harman and Helbros watches, the Kruger Jewelry Co., of Austin, Texas, and Martin Gruenborn of Seattle. The Amalgamated Clothing Workers, together with Eagle Clothes and the O. P. O. Stores, contributed 100 hand-tailored suits as prizes. Endicott-Johnson contributed 100 pairs of shoes; the Wing Short company 100 shirts; the Frank H. Lee company 1,200 hats, and Allis-Chalmers one tractor.

Since these firms do not sell in Italy, they had no motive in giving anything to Italians other than cooperating toward a closer understanding and a firmer democracy.

The judges in the contest are Judge Ferdinand Pecora of the N. Y. supreme court; Mayor Thomas D'Alesandro of Baltimore, and Vincent Impellitteri, deputy mayor of New York.

GENERAL IKE'S MAIL

General Eisenhower has been getting thousands of letters. But here is one from two ex-G. I.'s which if he reads it, should make him think twice before he answers: "Dear General Eisenhower:

"We are a couple of ex-Stars & Stripes correspondents who once interviewed you—at the Shanghai airport in 1946. You broke away from a group of generals to talk to us, although we were only enlisted men. We know from that experience it isn't necessary to be big shots to approach you."

"At Shanghai, we asked you come blunt questions and you gave us frank answers. We believe you will be equally straightforward now."

"We are supposed to be trained observers. From what we have seen we can report unequivocally that the American people want you as their president. We are not echoing the mouthings of politicians but the will of the people clearly expressed every time your picture flashes on the screen, or a conversation turns to politics."

"We served willingly when we were drafted by our country, and we cannot believe you would do otherwise. The people have the right to call upon you to serve, yet they have no chance to express it unless you permit your name to appear on the ballot. Under our two-party system, there is no practical way for the people to draft you if you will not accept an advance nomination."

"The papers clearly indicate that you could have the Democratic nomination. This appears to be the only way left to place your name before the people in November."

"What we would like to ask sincerely is this: Recognizing that you are not seeking the presidency, will you permit your name to go on the ballot, so people of all parties can be given a chance to draft you as their leader?"

"Cordially yours,
"Jim Becker, Associated Press.
"Jack Anderson, Bell Syndicate."

Rapid River Pastor Will Be Installed At Church Friday

Rapid River—Installation services for Rev. Philip Engdahl, newly appointed pastor of Calvary Lutheran church of Rapid River, will be held Friday evening, July 9 at 8 o'clock at the church.

Rev. T. E. Johnstone of Ironwood, president of the Superior Conference will conduct the installation rites and Rev. Clifford C. Peterson, of the First Lutheran church, Gladstone, the liturgy. Pastors of the Green Bay district will assist at the service.

The installation will be followed by a reception during which the Esther Society will serve refreshments.

The new pastor, who will conduct his first services in Calvary church Sunday, July 11, was ordained in June at a meeting of Augustana Synod in Rock Island. His former home is Moline, Ill., where his father is pastor of the

First Evangelical Lutheran church. The pastor also will be in charge of Bethel church in Stonington.

Rev. Engdahl is married and he and his wife will live at the home of Mrs. R. Caswell in Rapid River until they find a permanent residence.

Short, Wavy Tresses To Be Fall Fashion, E. J. LaMotte Reveals

If you are one of the many women sporting a long hairdo, you might as well begin to look for your barber shears right now.

The new look in hair for this fall, says E. J. LaMotte, international hair stylist of New York City, who is now vacationing with his parents in Garden, will be short, with soft waves.

"The fluff of previous feather bobs has been eliminated and so have the broad brimmed hats," the young stylist said in a sneak preview of the coming season.

He ought to know, too. Before coming to Garden, he lectured in Philadelphia, gave a demonstration for the National Council of Cosmetologists in New York and appeared before several groups interested in hair styling.

As of July 1 he will be national director of the National Council of Cosmetologists and will direct educational institutes.

The fashionable hair length this fall will be a cut of 3½ to four inches. The up-do will be worn chiefly for formal occasions and at other times the hair will be worn loose and wavy. Feathers for hats will still be in vogue.

A recent innovation, said Mr. LaMotte, a member of the International Style and Fashion Guild, is the flower hat, which replaces the evening corsage.

The new style in hair is to correspond with the new type hats requiring more hair about the face, and the new neckline cuts which have broken away from the standard V-shape and round cut.

"Skirts are down and hair is up this fall," the genial stylist and designer summarized.

Agner B. Hansen, 52, Dies in Green Bay

Marinette, Wis.—Agner B. Hansen, 52, a former Marinette resident and general manager of the Southern Kraft division of the International Paper company plant here, died unexpectedly at Green Bay Sunday.

Mr. Hansen taught in Marinette high school's science department before taking the post of chemist at the paper company plant June 16, 1922. He rose gradually at the plant until he became manager in August, 1933. He left Marinette in October, 1936, and

for the past 12 years had been associated with the Northern Paper Mills in Green Bay. At the time of his death he was president, general manager and a director of the Green Bay institution.

Mr. Hansen was born at Racine. His wife, the former Helen Delbridge, died in September last year. Surviving him are a son, James, of New York City, and a daughter, Barbara, who was at a girls' camp near Rhineclander at the time of her father's death.

Minneapolis Youths Get Big Hand At Roleo

Thrilling diving, ballet swimming and a number of feature stage acts added to the enjoyment of the three-day roleo and water festival which closed here Monday.

Tommy Thompson and Chuck Goran, Minneapolis, AAU title holders gave a number of breath-taking performances daily from the high board and Rosemary Schwab of Madison, national champion twiler and AAU diving titlist, and Betty Fransini, Racine, performed on the low board and also did some pleasing ballet numbers.

Two Minneapolis swimmers, Dave Anderson and Hank Stenquist also treated the crowd to some pleasing swimming exhibitions.

Then there were four fine stage acts highlighted by the spectacular performances of Willie Necker's Dalmatian Dogs some of which scaled walls 8 feet high.

Other acts were The Sieglers, a fast roller skating act, the Great Arnolds, a tumbling and comedy act and the Dancing Dales, doing comedy routines.

Bill Clark, Escanaba, at the console of the Hammond electric organ, provided a fine musical setting for the show.

NO MISHAPS MAR HOLIDAYS

Highways Safe In Spite Of Heavy Traffic

There were no mishaps and practically no disorders to mar the two-day holiday period in the Manistique area.

The state police blotter on Tuesday morning contained but a few reports of tickets issued for minor traffic infractions; the city police station reported but one drunk, brought in late Saturday night and released the next morning after he had deposited the equivalent of his fine. Sheriff Howard Hewitt, whose office was alerted to emergency calls to drunken disorders, drownings or motor mishaps, had a quiet two days. Not a single call for help came to him.

Sgt. Kenneth White of the state police, states however, that the evidence of safe and sane motoring is belied by much evidence of inconsiderate and often stupid driving. With the highways open a steady stream of traffic and with motorists bent on getting to their destination, he considers the absence of motor mishaps in these parts something little short of a miracle.

Many Hundreds Attend Inland Workers Picnic

An estimated crowd of 1,200 people attended the Fourth of July picnic of employees of the Inland Lime and Stone Company. Beautiful weather and a well mapped program of races, tug of wars, pie eating contests, etc., kept the crowd well entertained throughout the morning and the afternoon.

Following a softball game between the quarymen and the harbor employes, in which the quarymen were victorious, there was an address by Gene Saari, a general representative of the union with which the inland workers are affiliated.

BAND CONCERT THURSDAY P. M.

Will Be Held On Grounds Of Lincoln School

The Manistique Concert Band will hold its first popular concert of the season at the Lincoln School grounds on the West Side next Thursday evening, beginning at 7 o'clock.

This will be an auspicious occasion in more ways than one because the members will appear for the first time on city streets in their newly acquired uniforms and shortly before the concert proper begins they will parade along Deer street.

This, however, is not their first appearance in uniform. Sunday, the band journeyed to Garden and provided the music for the big celebration held there at that time.

Ferdinand Gorsche, the band director, states that the members have been greatly encouraged by the first supports given the organization thus far. A recent donation of \$1,000 by the Inland Lime & Stone Company, along with a number of other very generous contributions has put the band on an assured basis and much may be expected from it from now on. Outdoor concerts for the rest of the summer and at least two indoor concerts will be provided in the coming fall and winter season. It will also be on hand to meet emergencies where the services of a band are needed.

Director Gorsche states that while the aid from the public has been generous, contributions are still in order and will be gratefully received. Several musical instruments are badly needed in the organization and these are on the expensive order.

Following is the program for next Thursday night's concert: Instrumentalist (on parade) March—Joseph E. Skornicka

Too Fat Polka, fox trot—MacLean & Richardson

That Naughty Waltz—Stanley-Levy

Big Brass Band from Brazil—Hilliard & Sigman

Now Is the Hour—Katharine-Scott-Stewart

Rhythm—Ellington

El Capitan—Sousa

Thine Alone—Herbert

Crusaders overture—Buchtel

American Patrol—Meachem

Old Vienna—King

Semper Fideles—Sousa

Star Spangled Banner—Key-Smith

Legion Auxiliary

A regular meeting of the American Legion Auxiliary, Unit 83 was held Thursday evening in the Legion hall. During the business session Mrs. Vivian Hahne was endorsed by the unit as secretary-treasurer of the 11th District. Cards were played after which refreshments were served by the following committee: Mrs. V. Grimsley, chairman, Mrs. E. Weber, Mrs. D. Jessick, and Mrs. L. Lindberg. The next meeting will be held on July 15 and will be pot luck.

Dinner

Mr. and Mrs. J. J. Herbert entertained at a dinner party Saturday evening at Blaney Park for Miss Sally Hughes and Clement J. Laurion. Dancing was enjoyed by the twenty guests following the dinner. Miss Hughes will become the bride of Mr. Laurion on Saturday, July 10.

18 Strawberries, Raised Locally, Fill Quart Box

Dr. C. F. Anderson, at his home at the corner of Lake and Oak streets, was reading in Monday's issue of the Detroit Free Press that a certain Joseph H. Bayer, of Ridge Road, Richmond, was the champion strawberry grower in Michigan.

Mr. Bayer, so the story went, filled a quart box "extra full" with but 21 berries, the largest measuring 6 inches in circumference.

Doc Anderson, said to himself, "Shucks, that's nothing."

He went out into his garden, picked eighteen strawberries and more than filled the box. Turned over to the Daily Press reporter, the berries were taken to the Sida-dall Drug store and weighed. The eighteen weighed just a fraction of an ounce under 18 ounces. The largest berry measured 6.5 inches in circumference, and three others were over six inches. Doc Anderson adds that while he made a special effort to pick big berries, he is certain that the patch would yield at this picking many quarts of berries equal in size to the sample.

The berries are of the Dunlop and Premiere varieties.

He states that he used only ordinary barn fertilizer on the patch, but some of his friends are of the belief that during some of his jaunts in the north country, he must have found the site of the stable where Paul Bunyan quartered Babe, his blue ox.

At any rate, the berries in question were on display in the Press office window Tuesday afternoon and their weight and measurements are fully vouched for.

Betty Carlyon And J. R. Kelley Exchange Vows

Tall baskets of vari-colored garden flowers, evergreens, and ferns, decorated the altar of the Presbyterian Church of the Redeemer, for the candle-light wedding of Miss Betty Jean Carlyon, daughter of Mr. and Mrs. Stanley B. Carlyon, 550 Cherry street, and John Robert Kelley, son of Mr. and Mrs. Harold Kelley of Glen Rock, N. J., which took place on Saturday evening, July 3 at 8 p. m. The Rev. Paul Sobel officiated at the double-ring service.

Mrs. A. F. Hall, organist, played the traditional nuptial music, and accompanied Mrs. George Morton while she sang "I Love You Truly."

The bride, who was accompanied down the white carpeted aisle by her father, was charming in a gown of white slipper satin styled with a lace yoke which formed a panel to the floor, fitted bodice, long sleeves which came to points over her wrists, and a long train. Her finger-tip veil fell from a seeded tiara in her hair, and her only jewelry was a pearl necklace and earrings. The colonial bridal bouquet was made up of all white flowers and white knotted streamers.

Mrs. Clarence Johnson, sister of the bride, was chosen matron of honor. She wore a sheer gown of light green marquisette fashioned with a ruffle skirt, and wore matching elbow-length gloves and hat which was accented with a green plume.

Misses Ann Peterson and June Grimes, close friends of the bride, were bridesmaids. They wore identical gowns of shell pink soft crepe fashioned with drop-shoulders and bustle backs. They wore long pink gloves and matching hats with pink plumes. The attendants carried colonial bouquets of mixed flowers, and matching ribbons.

William Kelley, brother of the bride, was best man, and ushers were Stanley J. Carlyon, brother of the bride, and Clarence Johnson, brother-in-law.

Mrs. Carlyon attended her daughter's wedding wearing a grey dinner dress with orchid accessories and a matching single orchid in her hair. Mrs. Kelley chose a melon colored dinner dress with blue accessories and a white orchid in her hair.

A reception for 100 guests was held in the church parlors following the ceremony. The three-tiered wedding cake, topped with a miniature bride and groom, and crystal holders with tall tapers centered the bridal table. Baskets of flowers decorated the church parlors.

morning, simultaneously with an announcement of a public meeting Thursday evening at the high school auditorium when matters pertaining to city government will be discussed.

The recall petitions will be presented at this meeting and all who wish may sign them. The sponsors of the meeting have given the assurance that the signing will be left solely to those who sincerely feel that the three councilmen concerned are neither fitted nor qualified to hold office, and that their recall would be in the best interests of good government.

The meeting is being called at the request of a committee of representatives of various civic and service organizations in Manistique, namely the Manistique Women's Club, the Manistique Study Club, the Lions and Rotary clubs, the American Legion and Veterans of Foreign Wars.

The primary purpose of the meeting, Richard Wille, chairman of the sponsoring organization states, is to get the people out to discuss matters of good government and to organize a better government movement. This will not be a one-sided meeting, but one in which every faction in the city is cordially invited to come and discuss the pros and cons of ques-

"It Seems To Me"

BY NM WARD

Cuff notes: A distinguished visitor at the Highland Golf club recently was Buc Ezimicke, Toronto Maple Leaf hockey player, also a golfer of some note who plans to turn professional before his hockey days run out. As the story goes, related to us by Francis Courville, Ezimicke was driving by on US-41, liked the looks of the course, stopped off, paid his green fee, and played the last three holes with Ray and Ronnie Hirn. But here's the payoff, he did it in 3-2-3 against a par of 4-3-4. That includes a deuce on the 235-yard par three eighth.

If Ezimicke plays that kind of golf, he should wrap his hockey stick in cellophane and put it on the shelf with his World War II souvenirs. Hope that demonstration of golfing wizardry serves as an inspiration to the Hirn brothers, who left this morning in the family bus with Charles Bill as chauffeur to compete in the state amateur at Charlevoix. It will be interesting to see how Ray Hirn makes out in downstate competition. Don't expect too much. The important thing is that Ray is getting the tournament experience he needs to fortify his game.

Cooney Hogan and Tony Cass have been burning up the Escanaba course of late. Cooney is clipping off 35s and 36s with consistency and Cass, the club's marathon golfer (he played 45 holes one Sunday), knocks off a 34 occasionally. John Taggart will be missing from the local ranks for a couple of weeks. He's vacationing at the old homestead in Chillicothe, Ohio. Yes, he took his golf clubs along.

Abe Milkovich and Johnny Cass have been breaking 40 regularly at Highland. They checked in with 38s the other day. Vial Smith came to No. 9 at Highland two under par recently and then suffered through a double-bogey six on the last hole to finish with 36, even par for the nine. Highland will be host to Menominee North Shore in another inter-club match ext Sunday.

In case you're wondering why Pete Derwin, oldtime baseball star, was playing with the Bears last Sunday—when he suffered a fractured ankle, here's the story: Only eight Bears showed up for the game with the Escanaba Cubs, and Manager Derwin had to fill in. It was a tough break. He was running from first to second when the mishap occurred. Hope more than eight show up when they have the benefit game for Derwin. Would be tough for a fellow to have to play in his own benefit.

Late wire item: The Cleveland Indians today signed LeRoy "Satchel" Paige, great Negro baseball pitcher. The report indicated it was not a publicity stunt. Bill Vecek and Hank Greenberg watched Paige throw 50 pitches in his tryout and only four of them missed the strike zone.

ALL-STAR BALL TEAMS CHOSEN

Chicago, July 7 (AP)—Starting lineups, chosen by fans in a three-week poll for the all-star baseball game in St. Louis next Tuesday, includes players from six National and five American league clubs.

A record of 4,107,893 fans returned their selections during the balloting which ended at midnight Monday. The poll, conducted by the Chicago Tribune and 432 other newspapers and radio stations, showed Ted Williams of the Boston Red Sox as the greatest individual vote-getter with a total of 1,556,784. Stan Musial of the St. Louis Cardinals was second with 1,532,502, and Joe DiMaggio of the New York Yankees, the 1947 leader, was third with 1,519,182.

The lineup choices are for every position except pitcher. The rival managers, Lucey Harris of the Yankees and Leo Durocher of the Brooklyn Dodgers, will name their own mound staffs. But the pilots must use the fans' lineups for at least the first three innings of the game.

The two managers also will pick the remainder of the 25-player squads. They are expected to follow closely the fan voting at the various positions.

Here are the fans' lineups:

National Pos.	American Pos.
Mize, New York 1b	McQuinn, N. Y.
Stanky, Boston 2b	Gordon, Indians
Park, Chicago 3b	Kell, Detroit
Reese, Brooklyn ss	Boudreau, Cleveland

Alan Ford May Be Out of Olympics

Detroit, July 7 (AP)—Food poisoning threatened to knock Alan Ford, former Yale ace who holds the World free style record for 100 meters, right out of the American Olympic swimming trials today on the eve of events that will qualify United States tank stars for the trip to London.

Dr. Wally Shipton, who examined the free style sprinter, said his status in the final U. S. trials would not be certain until late today. Even if he competes in his 100-meter specialty, which opens the four-day show Thursday, he won't be in top condition.

It can't be denied that hustle, fight and team spirit have been great factors in the amazing Philadelphia Athletics' surprising bid for the American league flag. But another reason not generally recognized, has been the clutch hitting of Shortstop Eddie Joost and the steady pitching of Southpaw Lou Brissie.

The bespectacled infielder and the rookie southpaw combined their talents last night to lead the A's to a 5-3 victory over the Senators in Washington, which advanced the Mackmen to within 10 percentage points of first place.

Philadelphia's victory coupled with Detroit's 9-0 triumph over the pace-setting Cleveland Indians, left the A's and Indians virtually deadlocked. However, the Indians have lost fewer games and lead 618 to 608.

Joost drove in two important runs, one with a home run which opened the game. He marked the fourth time this season that the deft leadoff hitter had opened a game with a home run.

Brissie, the much decorated war veteran, who pitches with a brace on his wounded left leg, was tagged for 11 hits, but struck out nine and pitched out of several tight spots to record his eighth victory. And he now leads all American league pitchers in the strikeout department with 77 whiffs to his credit.

The Red Sox made it three in a row over the Yankees by defeating the New Yorkers 2-1 in a night game at Boston. Ted Williams emerged from his brief batting slump by bashing out three hits in four times at bat. The victory moved the fourth place Red Sox up to within six games of pace-setting Indians and A's. The third place Yankees are still two and a half games off the pace.

Dizzy Trout humbled the Indians with six hits in pitching a 9-0 shutout for the Tigers in a night game in Cleveland.

Paul Lehner's eighth inning single scored Al Zarilla with the winning run as St. Louis defeated the Chicago White Sox, 7-6, before 1,151 persons here last night.

The Cards had pulled up to a 10-10 tie after once trailing 10-3. Stan Musial smacked three hits in five times at bat to boost his batting average to a gaudy .414.

Hank Behrman pitched his first victory of the season for Brooklyn shutting out the Phils 5-0 in a night game in Philadelphia.

Catcher Andy Seminick of the Phils and Outfielder Gene Hermanski of the Dodgers were ejected for fighting in the first inning.

Hirn Boys In State Meet

Ray and Ronny Hirn, two of Escanaba's most promising younger golfers, left this morning for Charlevoix, Mich., where they will compete in the annual Michigan amateur golf tournament beginning tomorrow.

Ray, No. 1 Escanaba high school golfer for the last three years, was U. P. high school champion in 1946 and 1947 and went to the quarterfinals of the U. P. Golf

association tournament in Menominee last summer. Ronnie was a member of the St. Joseph's parochial school team which won the Upper Peninsula Class C championship in Crystal Falls this spring.

The brothers play at both the Escanaba and Highland courses. Ronnie shoots in the high thirties and low forties, while his older brother, Ray, is more consistently in the thirties.

Tiges Stage 14-Hit Barrage To Shutout Tribe Behind Trout

Cleveland, July 7 (AP)—The Detroit Tigers staged their own celebration here last night a couple of hours after third baseman George Kell and outfielder Pat Mullin were named to the American league all star team.

The Bengals' impromptu fireworkers included a 14-hit barrage against three Cleveland Indian pitchers that gave Paul "Dizzy" Trout a 9-0 win.

It was a big night for the Tigers, from Manager Steve O'Neill down. O'Neill, celebrating his 50th birthday, beamed as the Detroiters broke out with one of their biggest spurges of the season.

Trout, in addition to putting together a neat six-hit shutout, came up with his first homer of the season, a long drive into the left field stands. Kell hit two doubles, while Vic Wertz hit home run No. 4.

Eight of the ten Tigers who saw action came up with base hits, six of them getting two or more safeties.

Trout, in fanning seven and allowing nary an Indian to get to third, broke his own four game losing streak by bringing his season's record to eight wins and nine losses.

The victory gave the Tigers a 4-3 margin on the right side of the ledger as they ended their brief road trip and headed back to Detroit for a night game against the St. Louis Browns tonight.

Harold Newhouse, who is rapidly becoming the workhorse of the Tiger pitching staff, will try for win No. 12 as against six losses. He will be opposed by Kennedy who has a 1-1 record for the Browns.

For the Tigers, who have found the going a bit rough of late, last night's game was one for them to cherish. It was one of those nights when the club had everything—pitching, hitting, fielding and the old zip that makes a winning ball club.

The Tigers broke the scoring ice in the fourth inning when Kell doubled with one out. He went to third on Wakefield's infield out. Hoot Evers walked and Wertz then hit his round-tripper.

Trout started off another three-run rally in the fifth as he led off with his homer. Mayo, Kell and Wakefield singled successively to drive the Tigers' fifth tally and kayo Indian starter Bob Munier. Steve Gromek took over and the sixth run came in to give the Tigers a 6-0 margin at the end of five innings.

Don Black took over for the Indians in the eighth and the Tigers greeted him effusively.

With one away, Wertz walked and went to second on George Vico's single. Swift sacrificed, pushing the runners along. Trout flied out and Johnny Lipon was hit by a pitched ball, loading the bases.

Eddie Mayo singled to drive in runs seven and eight.

The Tigers added one more marker in the ninth as Evers opened with a single, moved up on a passed ball and raced home on Wertz' single.

WILLIAM COOLS OFF
Chicago, July 7 (AP)—Ted Williams, the Boston Red Sox slugger, proved to be only human after all. He has hit a batting slump, just like other guys, but he still is far ahead in the American league hitting race with .386.

Dr. Weiner, Walter Moon-Fred Hahn, Harvey Ekdahl-Dale Jenkins, Ralph Williams-Ford Gorch, J. Kelly-Open, S. Gower-R. G. Hentschell, Geo. Babelis-Dan Van Eyck.

Outboard Motorboat Races

Gladstone, July 7 — Outboard motorboat enthusiasts of the Little Bay de Noc area are invited to compete in the first annual outboard motorboat races to be held off Gladstone next Sunday. Races will be held in five classes according to horsepower ratings of motors, Chairman Leo

DeRoock reports. Classes are: Motors up to five horsepower, up to seven horsepower, up to 10, up to 16 and a free-for-all event open to all classes. No entry fee is being assessed. Entrants will be guests of the Gladstone Yacht club, which has provided a substantial monetary prize list for the various events.

SOFTBALL

Tonight's Schedule
Memorial Field, 7:30—Saykly's vs. Escanaba Township; 8:45—People's Bar vs. Delta Hardware. Royce park, 7—Merchants vs. Taverns.

Busy Northland
It was a busy weekend for Northland Stores, who won three games over the weekend. First, an 8-3 triumph over VFW in an exhibition behind Fred Brietzmen with Chuck Gafner catching. Then Fred flung a three-hitter in a league encounter with VFW won by a 13-0 count, and to top it off, the Stores took Clairmont's, 11-5, behind Johnny Goulet's effective hurling.

Larmay's Win
Larmay's defeated White Birch, 2-0, last night. Highlight of the game was Mickey Olson's fielding for Larmay's. Larmay got seven hits. White Birch got five. Batteries: Larmay—Tom Bravak and Bill Severinsen; Birch—Fife Smith, Franny Lancour and Harry Lancour.

Traveling Taverns
Those traveling Taverns were at it again over the big holiday weekend. The result? Won two and lost one. At Memorial Field, they lost a 3-1 tilt to Paper Mill although

Louie Kositzke hurled four-hit ball to five permitted by Tom Ellegret, Mill moundsman.

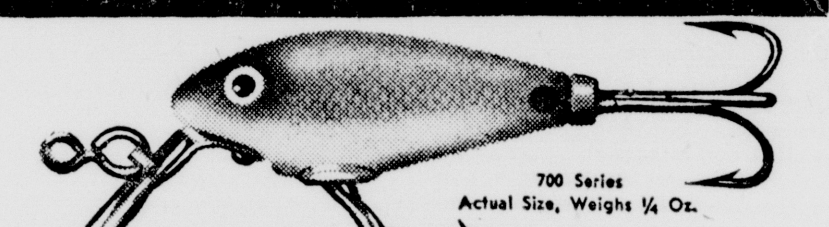

Then things picked up, however. They trekked to Meyers nine miles northwest of Marinette to beat Meyers, 5-2, and snap the latter's win streak at 19. In this encounter, Kositzke gave up only three hits and whiffed six. Ed Gauthier wielded the big stick, getting three for three.

Tom Ellegret joined forces with the Taverns for the next battle and came through with a no-hit no-run game as the Escanabans defeated Fleetwood Inn at Powerspaling, 8-0. Tom struck out 11 batters.

DeGrand Tips K-C
DeGrand Oil defeated K-C, 9-1, behind the hurling of Jim Fitzpatrick, who whiffed 12 batters. Leonard Gravelle caught for the victors. Omer LaCrosse hurled and Paul Lequia caught for the K-Cs.

NATIONAL SLUGGER
New York, July 7 (AP)—Four members of the National league's starting all-stars headed by the mighty Stan Musial, were among the loop's first ten hitters today. In addition to Musial, the league's leading batter with a remarkable .410, Richie Ashburn of Philadelphia; Andy Pafko of Chicago and Ed Stanky of Boston graced the elite list.

FORD RIVER TOWNSHIP SCHOOL
REPORT
The annual meeting and election of
Board members of Ford River town-
ship schools were held June 14, 1948,
at the Ford River Township hall.
The public were open from 10 o'clock
a. m. till 5 o'clock p. m.
Arthur E. Nelson, Julius Flath and
Jennie Posenke served on the election
board.
There were 25 votes cast and one of
them was void.
For the 3 year term Mrs. Florence
Peak had 9 votes and Harry Pepin had
9 votes. For the 2 year term John
Flath had 9 votes.
These three people had the majority
of votes so were declared elected.
Transportation of the 7th and 8th
graders to the Junior High school at
Escanaba was carried by a vote of 23
yes, and 2 no.
The annual report was read by the
secretary and approved by Jennie Po-
senke and Julius Flath.
The meeting was adjourned by mo-
tion of Arthur E. Nelson and seconded
by Ralph Petersen.

Legionnaires Fly To U.P. Meeting

Representatives of American Legion posts in the Upper Peninsula tomorrow will fly to St. Ignace to meet at noon, with Elmer Olson of Escanaba, 11th district committeeman, as host representing the Michigan department of the Legion. Olson is also adjutant of Cleveland Post in Escanaba.

The American Legion Aerial Cavalcade was scheduled to be held in April but was cancelled because of poor flying conditions. Chaplain Archie Wood of the Cleveland Post, Legionnaire Torval Hanson of Rock and Olson will fly to St. Ignace tomorrow in a plane piloted by Wally Arntzen.

Legion posts at Perkins, Manistique and Garden, all in the 11th district, and posts in the 12th district in the western half of the Upper Peninsula will send representatives to the meeting at St. Ignace.

Driveway Parking Is Police Problem

Chief of Police Michael Ettenhofer has asked all driveway owners and motorists to exercise special courtesy and discretion in parking in driveways.

"No private driveway should be blocked by a parked car," the chief advised. Owners of these driveways are inconvenienced when cars are parked in the roadway.

"Another dangerous situation which must be remedied is the parking of cars in private driveways with the bumpers or hitches protruding on the sidewalks. Recently," said the chief, "several persons have sustained injuries when they walked into trailer hitches or bumpers sticking out on the sidewalks, especially at night."

The cooperation of everyone is sought.

WHILE THEY LAST

Now the famous Gas Refrigerator that...

STAYS SILENT LASTS LONGER
because it freezes with no moving parts

COME SEE IT—the famous Servel Gas Refrigerator with no motor, no valves, no piston or pump, no machinery at all in its freezing system. Just a tiny gas flame does the work—with no noise, no wear. So Servel stays silent, lasts longer.

More than 2,000,000 families are enjoying Servel Gas Refrigerators right now. Some have had them 15, 18 and 20 years. Ask any of them, and they'll tell you, "Pick the Servel Gas Refrigerator. You'll never hear a sound, never have a moment's worry."

Come see the new models now on display.
